

March 2008

Dear Basic TRDP Enrollee:

As you may have heard, the Department of Defense has selected Delta Dental of California to continue administering the TRICARE Retiree Dental Program (TRDP) through September 2013. The new contract becomes effective October 1, 2008.

Basic program benefits under the current TRDP contract, which is due to expire on April 30, 2008, will be extended for five additional months. During the contract extension period from May 1 through September 30, your TRDP monthly premiums will continue at their current rate, unless you move or change your enrollment option. There will be no new deductibles to satisfy during this period. Your \$1,000 annual maximum will restart on May 1 and will be available to you through September 30.

Information on the new program, to start October 1, will be available within the next several months. **You do not need to take any action to continue your coverage in the basic TRDP during the extension period and under the new contract.**

We appreciate the opportunity to serve you and your family members and to continue our commitment to provide you with a dental program that meets your dental care needs. Please visit our web site at www.trdp.org if you have any questions.

Sincerely,

Lowell G. Daun, DDS
Senior Vice President
